

Name:

Student:

Digital devices, if any, to be brought from home:

Applications to be used:

- I have reviewed the parameters for the digital storytelling project and give my permission give permission for my child to use the tools and applications named above for his/her digital storytelling project for 5th-Grade Language Arts at St. Mark's Episcopal School.
- I understand the importance of responsible digital citizenship and have discussed with my child that other than images for which he or she has permission to use (such as those taken by a family member or by the student), only copyright-free or images or music with Creative Commons licensing may be used for the project.
- I also understand that some finished projects will be uploaded to a private channel on TeacherTube for viewing by the class.

I look forward to seeing a version of the final project. Please email me at the address given below with information on how to view it.
